### **LONG STORY SHORT**

An electrical engineer reinforced with strong technical sales, account management and interpersonal skills.

# **RECENT EXPERIENCE**

### **VOLTERA** • www.voltera.io

Account Executive • April '19 - Now

Responsible for managing the sales pipeline from prospecting to close selling to product developers, educational users, and C-Level executives at Fortune 500 companies and small/medium sized businesses. Top sales executive by month 3, bringing in 31% of company revenue within the first year.

### VERTIV CANADA • www.vertivco.com

Technical Inside Sales • May '16 - Now

Member of a 6-person sales team, accountable for supporting the outside sales team with engineering, sales and marketing initiatives. Produced sales and marketing materials such as technical product overviews and ordering guides to simplify the sales cycle. Managed the RFP process for all key accounts acting as a liaison between the customer, sales, and engineering. Planned, implemented and coordinated trade show booths and marketing inventory across the Canadian division. Surpassed annual new business quota, bringing in opportunities up to 5 million dollars within first year; done by cold calling/emailing and social selling.

## AWAY FROM KEYBOARD (AFK) • www.awayfromkeyboard.co

Founder • May '18 - Now

Founded a brand that enables people to reconnect by making the most comfortable outdoor chair around. Ran a charity campaign, selling AFK product with all proceeds to Save the Children, in support of Typhoon Mangkhut. Creative Director responsible for social media content and promotional photos and videos.

#### SPIKEBALL • www.spikeball.com

Brand Ambassador • March '18 - Jan '20

Sold over 2K of Spikeball merchandise across the Greater Toronto Area. Organized weekly games throughout the summer within the London Ontario area. Don't know what Spikeball is? Just ask and I'll likely challenge you to a match once I'm done professing my love for the game.

#### ALECTRA UTILITIES • www.alectrautilities.com

Business Intelligence Intern • Sept '14 - Sept '15

Assisted in upgrading Alectra's SCADA system, working with General Electric's software and hardware integration specialists. Performed on-site hardware and software troubleshooting. Became proficient in VBA, SQL and shell scripting to design data retrieval reports.

### MCMASTER AUTOMOTIVE RESOURCE CENTER • www.mcmasterinnovationpark.ca/marc

Vehicle Electrification Intern • Summer '14

Designed a custom low voltage printed circuit board using Altium Designer 14.1 design software. Conducted high voltage motor testing in junction with the driver's controller.

### LONDON ULTIMATE CLUB • www.londonultimate.ca

Freelance Web Designer • March '18 - August '18

Utilized the WIX development platform to design a website with showcasing the club's social media content, blog and a PayPal integrated web store.

# **ADDITIONAL HIGHLIGHTS & EXPERIENCE**

CITY OF HAMILTON . www.hamilton.ca
